

EyeSucceed™

Digital Innovation in the Food Industry

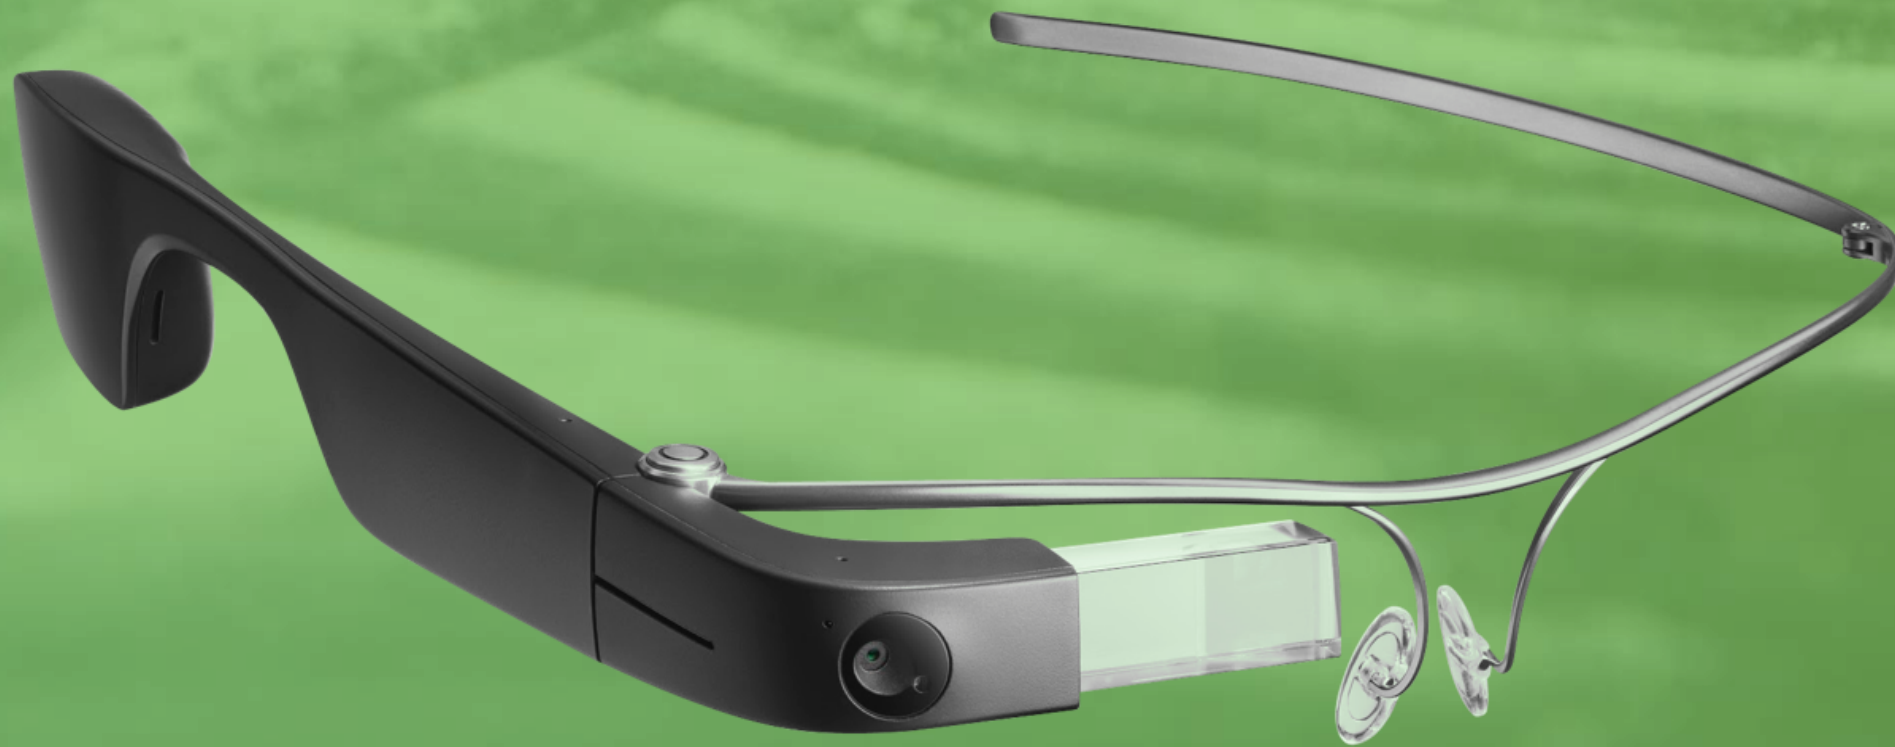

The digital innovation era has so far manifested heavily in the customer journey.

A chef wearing a red cap, safety glasses, and a black polo shirt is in a kitchen. He is using a yellow-handled tool to stir a clear plastic cup filled with ice. In the background, there are stainless steel kitchen fixtures, a sink, and a refrigerator with papers pinned to it. A pair of black gloves hangs on the wall. A large stainless steel pot is on the stove in the foreground.

**The next phase
in digital evolution:
back-of-house execution.**

**The platform:
assisted reality powered
by smartglass technology.**

GLASS ENTERPRISE
EDITION

About us

EyeSucceed™

A close-up photograph of a hand holding a wooden rolling pin over a piece of dough on a floured surface. The rolling pin is dark brown wood, and the hand is weathered and brown. The dough is light-colored and being flattened. The background is dark and out of focus.

**Working with Google since 2014.
The only Glass partner dedicated
to the food industry.**

Realtime

Collaboration

Intuitive instruction

Add 0.75 oz. of pepperoni to the pizza, covering the surface with slices evenly spaced.
